Sonnax Drop-In Zip Valve Repairs

Need or prefer a drop-in repair for common shift problems? Sonnax Zip Valve™ products is a new brand covering the hundreds of drop-in valves and Zip Kits rebuilders have trusted for years to overcome chronic transmission problems. More than 350 different products covering 200-plus transmissions are available, identified on the Sonnax website by the drop-in "ZIP" logo that accompanies each one.

Sonnax GM 6L80 Heavy Duty 4-5-6 Clutch Hub & Intermediate Shaft

An essential HD upgrade for GM 6L80/90 transmissions, Sonnax 4-5-6 clutch hub and intermediate shaft #104680-36 guarantees maximum protection against shaft breakage and clutch failure in any vehicle pushing stock components to the limit. The heavy-duty Sonnax hub/shaft can be used with the dampener.

- Rugged, one-piece design
- High-strength, 300M steel forging
- Doubles oil flow to the clutch pack
- Designed for use with OE dampeners

RAYBESTOS POWERTRAIN GPZ FRICTION MATERIAL

GPZ friction clutch plates greatly increase transmission performance and durability with state-of-the-art friction material tested to exceed OE material by as much as 20% to withstand high stress, high temperatures and repeated cycling. GPZ's outstanding performance benefits are perfect for heavy-duty vehicles and high-stress driving. GPZ performance improves as the power increases. Available applications include Chrysler 68RFE, Ford 6R80, Ford 10R80, GM 10L80, Mercedes 722.6, and ZF Chrysler 8HP90.

Sonnax GM 6L80, 6L90 High Capacity 4-5-6 Clutch Apply Piston Kit

GM 6L80 and 6L90 transmissions often suffer failure of the 4-5-6 clutch assembly. Sonnax high capacity 4-5-6 clutch apply piston kit #104960-10K eliminates the OE waved plate and adds one additional OE thickness friction, increasing 4-5-6 clutch capacity by 17% resulting in a 4-5-6 clutch pack that can handle modified engines with increased power output.

Sonnax GM 6T40 & 6T70 Drum Saver Kits

Stop worrying about waved plates in GM Gen. 1 and 2 6T40/45/50 and 6T70/75 units giving out under warranty when you replace every one with a Sonnax drum saver. These simple, affordable kits guarantee the best protection against breakage, and even help you salvage damaged drums.

- Gen. 1 & 2 6T40/45/50: #144555K
- Gen. 1 & 2 6T70/75: #124555K

Superior Transmission Parts, Inc. 700-R4/4L60/65/70E Directional Switch Valve

Directional Switch Valve/Servo Capsule replacement One piece "Drop In & Go" Directional Switch Valve/Servo Capsule replacement w (#K0136). Complete and ready to go, delivers clean, positive 3rd gear apply and quick 3rd gear release. Ends any tie-up, bind or drag on 3-4 downshift and 3-2 manual downshift. Stock, HD or performance, remove the old servo capsule and install the K0136 Directional Switch Valve.

WIT TRANSMISSION PARTS 4R70 Thermal Bypass Eliminator

The Ford 4R70 series thermal bypass eliminator (#OC-4R70) fits the 4R70W/4R75E/4R75W. Available exclusively from WIT, this thermal bypass valve allows for free cooler flow and helps lower the temperature of the transmission.

Visit www.wittrans.com or call 800.940.0197 for more information.

Sonnax GM TH350/C Heavy Duty Intermediate Overrun Clutch Outer Race

A revolutionary upgrade for GM TH350/C performance vehicles, Sonnax heavy duty intermediate overrun clutch outer race #35723HD-02 delivers twice the torque capacity of any OE or other aftermarket race for unrivaled reliability at any power level.

- Improved design significantly reduces risk of fracture at lube holes and splines
- Case-hardened steel alloy outperforms brittle, hardened aftermarket races
- Direct replacement race eliminates need for expensive sprag conversions

Sonnax Ford 6R100 & 6R80 Zip Kit

Tackle the root cause of multiple drivability complaints in Ford 6R100 and '15-later 6R80 units with Zip Kit #6R80L-6R100-ZIP. This kit features uniquely designed parts that work by sealing critical circuit pressure losses in the valve body for renewed shift operation.

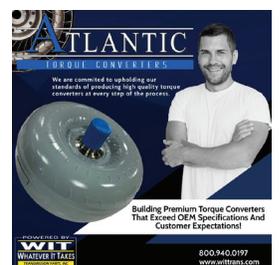

- Drop-in Zip Valve parts install quickly and easily - no reaming or special tools required
- Detailed tech booklet includes in-depth rebuild and inspection tips for comprehensive valve body repair

WIT TRANSMISSION PARTS Atlantic Torque Converters

Atlantic Torque Converters, powered by WIT, are manufactured upholding our standards of producing high quality torque converters at every step of the process. Building Premium Torque Converters that exceed OEM specifications and customer expectations!

Visit www.wittrans.com or call 800.940.0197 for more information.

WIT TRANSMISSION PARTS WIT Branded Rebuild Kits

WIT has enhanced our industry partnerships to bring high quality components to the transmission industry. Our WIT branded rebuild kits include a high quality overhaul kit along with Raybestos friction and steel modules. Visit www.wittrans.com or call 800.940.0197 for more information.
