## TOP 10 TOOL WINNERS

### CVC Online Catalog

Our website features the CVC Online Catalog. Distributor Finder and New Products sections are updated weekly. Experience a video factory tour and keep up to date with converter news and technical bulletin releases. Our 2021 award-winning printed catalog will release soon.

### SONNAX Tool Shop

We heard you! Some Sonnax tools have been hard to get, and the prices were too high. With distributor partners built the Sonnax Tool Shop - 70+ popular F-tool and vacuum testing products.

- The MSRP you see is the price you pay at all participating distributors
  - 1-2 Day delivery in the U.S. or Canada
- In stock and at new, lower prices, now's the perfect time to expand or refresh your collection of reaming, bore-sizing and vacuum test tools.

### SONNAX REVAMPED VALVE BODY LAYOUTS

With 40+ layouts to choose from, it's quick and easy to determine what's available for the valve body you're working on. Each layout:

- Exploded view location guide for individual valve trains
- Symptoms and recommended solutions for quality rebuilds
- Provides active links to view specific part details
- Lists tools/fixtures required for part installation
- Illustrates part orientation and a fresh, new look categorized by symptoms.

### WIT TRANSMISSION PARTS 6L80/6L90 3-5/Reverse Drum Check Tool

The 6L80/6L90 3-5/Reverse Drum Check Tool (# T45555-LEAK). This tool allows you to air check the weld on the drum for cracks. It is made of billet aluminum and includes a set of sealing rings. Visit [www.wittrans.com](http://www.wittrans.com) or call 800-940.0197 for more information.

### SUPERIOR TRANSMISSION PARTS GM 6T70/75 & FORD 6F50/55 DETERMINATOR PLATE

In-car testing of main case to determine integrity of clutch packs/rings/sealing areas and isolate a bad TECHM/VB from the internals. When a defect is determined in a specific internal component you're able to identify & correct it quickly. Use (#K0141) as a diagnosis aide during re-build to determine problems on the bench before installation. Handy when no codes are present and you're "chasing your tail."

### LUBEGARD OEM ATF & CONVERSION CHART

The Lubegard OEM ATF & Conversion Chart identifies the factory fill fluid for automatic transmissions. It shows which Lubegard additives to use to fix shifting problems and identifies multiple options for OEM fluid alternatives as well as the correct Lubegard ATF, CVT, or DCT fluid to use for each transmission application. The conversion chart can be found online or in the mobile app.

### SUPERIOR TRANSMISSION PARTS SUPERIOR'S 6F35/6T40 SUPERTUFF® SOLUTION

The K0100 Kit includes a high-quality, 3-piece tool set designed for quick removal of the worn bushing and an indexed re-installation of the SuperTuff bushings. The two-sided driver head also serves as the driver to install the included seal made of better-than-OEM materials. Kit includes (5) axle seals and (5) original K099 SuperTuff Teflon bushings. Order K0199 '14-up 6F35 LATE type separately (not included in K0100).
